## TUITION

Tuition can be paid in one single payment, semi-annually, or monthly. Total tuition amounts are affected by the payment method and number of siblings enrolled from each household.

Please contact our office at 905-639-7364 or [office@onlyatbccs.com](mailto:office@onlyatbccs.com) for information on rates and fees for the 2017-18 school year.

### Tuition Refunds

Should you request a refund of tuition at any time in the year; a calculation will be made to the end of the month following the month in which a student departs BCA. For example, if a student departs in November, tuition will be prorated to the end of December, and a refund will be provided for months after December. The exception is where an Income Tax Receipt has been issued for the amount paid (generally issued in March of each year), in which case no refund will be available for fees paid and represented on the Income Tax Receipt. Capital fees are non-refundable.

### Income Tax Reporting

Income tax receipts for tuition will be provided to families every March. A portion of tuition paid may qualify for a charitable donation and child care expenses. The precise amounts will depend on the secular cost of education as determined by the province of Ontario. If you have any questions regarding your statement once you receive it, do not hesitate to email or call our bookkeeper.

### Parent Payment Agreement

We agree that we will be fully responsible for the required payments of all amounts as detailed on the Payment Form found in this package. We understand that enrollment at BCA may be terminated for non-payment of any tuition and/or fees.

We understand that if one or more of our children leave the school, we remain responsible to pay any outstanding fees in full, before our child's departure, in accordance with the Tuition Refund Policy. We agree that enrollment for the 2017-18 year is confirmed only upon receipt by BCA of this completed Tuition Form and a completed pre-authorized debit form (PAD). We hereby agree to make the required payments to Burlington Christian Academy as noted above.

## ANCILLARY FEES

### G.I.F.T.S Program

The *Get Involved for the Students* (GIFTS) program is one designed to encourage parents to give volunteer time to BCA that will help us raise funds or reduce costs – benefitting the school and our community of families overall. How it works: All parents are required to provide a separate post-dated \$750 cheque dated for February 1, 2018. Parents who participate in the volunteer program will be asked for a replacement cheque in May for the balance owing if 35 hours have not been completed. Their cheques will not be deposited on February 1, 2018. (Single-parent families are required to volunteer 20 hours).

Eligible activities will be defined by the school. When registering, you will have the option of designating the funds for the general operations and capital improvements of BCA, or for the Bursary Fund (a fund set up to help families who require financial assistance for tuition at BCA). You may choose to instruct the school to deposit your GIFT cheque even if you do volunteer the hours; this support is much appreciated.

### Capital Fee

All new families are required to pay a one-time, non-refundable, capital fee of \$1,500 for which a donation receipt will be issued. Due as a separate cheque upon registration

### Student Activity Fee

The student activity fee includes costs for class trips and school events. The fees cover the cost of busing, admission, and related costs for each activity. Payment will be collected in September. The fee for 2017-18 for Grades SK to 5 is \$200.

## Financial Assistance

For those families applying for financial assistance At Burlington Christian Academy, we will once again utilize the online service of ISM's Financial Aid for School Tuition (FAST) to process applications for temporary financial assistance. FAST will be the standard submission format for all applications and no financial assistance will be awarded without a completed FAST application.

Already used by thousands of schools like ours, FAST provides a need-based financial aid analysis service, which includes a recommendation of what a family should reasonably contribute toward tuition. All information you provide to FAST is kept confidential. The Finance Committee who makes awards based on next year's budget reviews the FAST recommendations. If you applied last year, we need to remind you that you must reapply each year.

Applications for temporary tuition assistance through FAST for the 2017-18 school year will be open **March 1 2017**.

The online application submission deadline for all applications for returning families is **April 15, 2017**. You must provide tax information as part of your application by this deadline, so begin the application process early! FAST will accept your 2015 tax information for applications completed by April 15, 2017 (since you may not have your 2016 taxes completed). FAST will require five (5) business days to verify your documentation and process your application. Our objective is to have bursaries for returning families determined before **April 22, 2017** to allow families time to prepare their payment plans a week in advance of the school's registration deadline of **April 21, 2017**.

We believe that this process will serve our School community fairly and well. We encourage you to work with FAST to ensure they have a complete view of your financial situation; there are opportunities to express your unique circumstance and we encourage you to be concise, thorough, and clear.

To start the process, please do the following:

- Go to the School's website at [www.onlyatbca.com](http://www.onlyatbca.com)
- Click into Admissions section and choose the "Tuition and Fees" page.
- Click on the "FAST" Logo.
- Click 'Start Application' to begin.

The application process is self-guided. You may navigate in and out of the program allowing you to partially complete an application and go back to it at another time. FAST has a 24/7/365 helpline available should you have any questions, which can be reached by calling 1-877-326-FAST (3278). Please do not call the school with questions.

The charge for the application is **\$41.00 USD** and to be paid by credit card (Visa, MasterCard or American Express) after all sections have been completed. After completing the online application you will be required to scan or mail your tax documents (Federal taxes including all schedules and T4's to FAST for verification purposes. If you are able to download and install their scanning software, you can submit your scans online. Otherwise, you will mail your copies to:

Independent School Management

## **INTERNET ACCEPTABLE USE POLICY**

It is the goal of Burlington Christian Academy to provide a world-class education to all students. The Internet is one of the many information resources available to students as part of that process. Through the Internet, students can access data from colleges and universities, scientific research facilities, government resources and many other informative sites throughout the world. While there is an enormous amount of useful and valuable information available, access brings with it the potential for misuse and abuse due to the global nature of the Internet and the lack of effective control over its content.

Our Technical Team at BCA has made every reasonable effort to ensure the Internet is used responsibly by setting up parental controls and safety nets. BCA will take every reasonable step to control access to inappropriate material. We expect all students to use the Internet in an appropriate and responsible manner for educational purposes only. Access to the Internet is a privilege offered to the students at the discretion of the administrators, teachers and staff at BCA. While at school, students may only log on using the school's Internet account, and may not use personal or home accounts.

BCA's account is to be used for educational purposes only, including research for school projects and intellectual inquiry. Students are not to transmit, receive, submit, publish or otherwise access information deemed inappropriate, including, but not limited to, material that is defamatory, inaccurate, abusive, obscene, profane, racially or gender offensive, unethical, sexually oriented, or illegal. Game playing is prohibited. Hacking [any attempt to gain prohibited access to or malicious attempt to harm or destroy data or to upload, download or otherwise create computer viruses] will not be tolerated. Students are expected to conform to accepted social behavior in their use of the Internet ("netiquette"). Users shall refrain from plagiarizing the works of others obtained over the Internet and are to respect copyrighted material and to properly credit all works cited from Internet resources. Students must immediately notify a teacher if a security problem is discovered. Inappropriate behavior on the part of any student while using BCA's Internet account will result in the loss of Internet access privileges. Additional disciplinary action may be added and under appropriate circumstances, law enforcement officials may be notified.

BCA reserves the right to log network use, monitor files and file space, thus students should not expect their use to remain private. BCA reserves the right to modify these guidelines at any time.

At BCA we are going to offer students supervised access to the Internet. As part of our policy to allow use of the Internet, all students must now obtain parental permission. Both they and you must sign the appropriate form as evidence of your approval and their acceptance of the school rules on this matter.

We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed the disadvantages. But ultimately, parents and guardians are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the school supports and respects each family's right to decide whether or not to apply for access.

## **ADDITIONAL PROGRAM INFORMATION**

### ***Jr Signature Programs Grades 2-5***

For students in Grades 2-5, signature programming is incorporated into our curriculum. Doing so advances the connections your child makes to the curriculum standards through a three-pronged approach of advanced instruction in the areas of active living, expression through the arts, and experiential education. The Ontario ministry requirements are used as a launching pad to deliver these exceptional programs.

This innovative program will occur in 12 week cycles for 2 periods each week and will be comprised of mixed grade groups. Throughout the year, students will have the opportunity to learn from passionate instructors in their field of expertise as it relates to the following curriculum subjects: physical education and healthy living, the arts, and social studies, science, language arts, and mathematics. Please note that the cost of this program is already included in your annual tuition fee and that registration to a specific program is not required as the rotations will allow students in Grades 2-5 to experience all three components in a given year. Below is a more detailed overview of each subject area.

### **Physical Education and Healthy Living**

When students are participating in Athletics and Healthy Living, they will develop the strategies and techniques needed to live a balanced, healthy lifestyle. Students will learn about muscle groups, how they act and react, and how to train them properly within the context of sport. They will also experience the nutritional and educational benefits to exercise and energy recovery which will lead to boosted mental capacity throughout the rest of their school day. The latest research shows that for your brain to function at its peak, your body needs to move.

### **Dramatic Arts**

Drama is integral to child development. It builds confidence, develops concentration ability, improves language and communication skills, encourages children to co-operate, increases emotional intelligence, assists physical development, fosters creative problem solving, and nurtures friendships. This program will not only ensure your child is receiving a high quality education in the Arts, but it will also help them to make more meaningful connections to the world around them. Drama education expands upon BCA's philosophy of holistic development and education for child.

### **Curriculum Enhancement through Experiential Learning**

Our goal is the transform wonder into knowledge through a collaborative approach to curriculum based projects. The program will incorporate the following subjects: science and technology, social studies, math, language arts and media literacy. We seek to foster a love of learning by bringing it to life through experimentation and challenging students to think outside the box.

#### ***Signature Programs Grades 6-8***

Since 2008, BCA has been pleased to offer our renowned Signature Programs to our Grade 6-8 students. The difference these programs have made to enrich a student's learning experience has led us to develop more specialized programs.

The Ontario ministry requirements are used as a launching pad to deliver these exceptional programs. Through these programs we firmly believe that students will gain self-awareness of their giftedness from God in a meaningful and relevant way and begin to think critically of the world around them in a manner that will enrich all levels and types of learning. In all of the signature programs our desire is to honour God through our talents.

Grade 6-8 students must register in one of the programs listed below.

#### **Experiential Learning Program (EdVenture)**

**EdVenture** is a program through which students develop knowledge, skills, and values from direct experiences outside a traditional classroom. This program encompasses a variety of activities including activities that are project-based in the areas of science and technology, social studies, math, language arts and media literacy, as well as incorporating service learning and leadership opportunities. **Cost: \$950.00 supplement to base tuition cost.**

#### **Music & Theatre Arts Program (Curtain Call)**

**Curtain Call** is a musical theatre program. Throughout the year, students will learn drama games/activities that will increase comfort performing in front of others and will teach valuable acting skills and techniques. This program provides a unique opportunity for students to grow not only as actors/singers, but as individuals. While having fun learning drama games and acting techniques, students are also: increasing vocal ability; refining body language; boosting confidence; understanding how to relate to and work with others; nurturing presentation and interview skills; and developing artistic, practical and critical thinking skills. **Cost: \$950.00 supplement to base tuition cost.**

#### **Sports Program (ALPA: Advanced Level Programming of Athletics)**

ALPA is a program geared for students who love sports and possess a strong commitment and desire to play sports. Students receive advanced level training, coaching and mentoring in the sports of their choice. There are three terms, and students can select which sports to focus on each term. The options include: ice hockey, basketball, volleyball, soccer and golf. This program focuses on advanced level training in athletics, health and fitness. The timetable includes: Sport Specific Training Sessions, Recreation Sessions and a Healthy Active Living component. **Cost: \$3,000.00 supplement to base tuition cost. Hockey is an additional \$300 per session, and golf an extra \$400.**

## ***Special Education Programs***

### **Educational Therapy**

This individualized program allows each student to learn at his/her own pace, yet be challenged to develop core academic skills and higher order thinking skills. The therapy sessions are full of activities that stimulate and activate the executive functions of the brain. National Institute for Learning Development (NILD) Educational Therapy® treats the underlying causes of learning difficulties rather than simply treating the symptoms. The goal of NILD Educational Therapy® is to help students develop the tools of independent learning in the classroom which then transcends into all areas of their lives. Students are taught by an Educational Therapist, who is trained specifically in NILD methodology. Additional benefits to having educational therapy at BCA include having it as part of the school day and a cooperative relationship between classroom teacher and therapist. **Cost: \$6,800.00 supplement to base tuition cost.**

### **Search & Teach**

*Search & Teach* is an enrichment program for children from kindergarten through grade two. This program is two-fold: it helps identify potential learning difficulties and then sets up an intervention program to address those issues. Through *Search and Teach*, children gain confidence and experience learning success, opening the door to a bright future!

*SEARCH* is a test which helps identify possible learning difficulties and weaknesses in neuropsychological skills basic to reading and language arts programs.

*TEACH* is a program based on the results of the Search test. It uses instructional methods, including fifty-five task cards, to develop a child academically to succeed in reading and language arts programs. The tasks are grouped in five clusters which include: visual, visual-motor, auditory, body-image, and intermodal skills. This intervention can include groups of children or individual sessions meeting three to four times a week. **Cost: \$3,400.00 supplement to base tuition cost.**

### **School of the Arts (SOTA)**

Welcome to the world of music lessons at Burlington Christian Academy! SOTA at Burlington Christian Academy provides a limited number of private half hour music lessons, all of which take place during the school day. Our SOTA Director works with your child's classroom teacher to determine the best time for their lesson, based on academic needs and student/family wishes.

There is a variety of instrument lessons available, including vocal. Lesson teachers are enthusiastic, experienced professionals who are dedicated to encouraging the musical God-given gifts in your child. Students have the opportunity to play in chapels, for class presentations, and participate in Royal Conservatory exams if desired, and all students participate in our grand recital at the end of the year. Our students have successfully auditioned for community bands such as the Hamilton Rising Stars Jazz Band and Burlington Teen Tour Band.
